

Tip Compatibility: Die Cast Tips

- The F-thread starter kits were set up to replace the die cast reversible tip assemblies.
- As the die cast tips run out, those part numbers will cross over to the part numbers for the starter kits.
- When obtaining an order from a customer - you must know if they are replacing a die cast tip.
- All die cast tips were/are F-thread.
- These users will require a starter kit.

Tip Compatibility: Zip Tips/Quick Clean Tips

- The barrel on CH tips are larger than the Zip or Quick Clean tips
- Therefore they will not fit into each others bases.
- Owners of Zip or Quick Clean tips must purchase a starter kit.

Tip Compatibility: Other Manufacturers

- Our CH barrels are the same size as the following:
 - ASM Super Zip
 - Graco
 - Titan
 - Wagner professional series
- This means that our barrels will fit into their bases, and their barrels will fit into our bases - completely compatible.
- **Our barrels are not compatible with the ASM line being sold through Home Depot!**
- The following guns/units are equipped with G-thread:
 - Wagner product built after 1999
 - Spray Tech products
 - Graco products
 - Titan products
 - ASM guns sold under the ASM name
