

Half the Noise, Half the Weight, All the Power!

Campbell Hausfeld's Quiet line of air compressors has just added a twinstack to it's line up. This Quiet, 4.6 gallon Compressor is designed to be one of the quietest air compressors in the industry. At just 68 dBA, this compressor offers a quiet work environment and is ideal for anyone working where noise is a major issue.

Long life, oil-free, maintenance free pump for convenient on-going use and now 50% LIGHTER than our other compressors. At 35 lbs, you can easily carry it around the jobsite, garage, workshop or house – and your small-scale contractor customers can tote it to and from job sites without hassle.

• Up to 50% Quieter

This compressor is designed to be one of the quietest air compressors in the industry. At only 68 dBA, it's the lowest sound levels of any air compressor we offer.

• Up to 50% Lighter

At just 26.5 lbs, and with a light aluminum tank and ergonomic carrying handle, Quiet Air is extremely easy to transport and store.

• Up to 4X Longer Life

Key components last up to four times longer. The dual piston pump system is engineered for high performance and durability and it produces 25% more air compared to other 1.0 hp air compressor motors.

• Oil Free, Maintenance Free Pump

This durable, oil free pump provides extended maintenance-free operation with superior motor performance.

Specifications

Model	IC040510DI
Size	4.6 Gallon
