

This Campbell Hausfeld, 2-stage stationary electric air compressor (CE5003) features a durable cast iron, oil lubricated pump. This efficient, higher pressure pump, 175 PSI max pressure allows you to utilize more

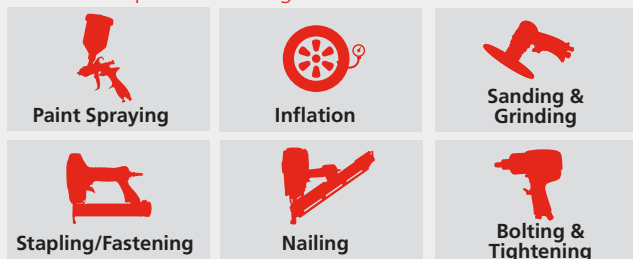

tools and increased flow rate. This compressor does not include a power cord. It should be connected to a dedicated power supply that is 230-Volt. Ideal for garage and workshop applications with a space-saving footprint.

This product will provide up to 10,000 hours of pump life\*.

Durable and powerful, this compressor will help with all of your garage and workshop needs. Built in the U.S.A.

This air compressor is designed for

\*based on B-10 bearing rating

## Heavy Duty, 2 Stage, Cast Iron Pump

Oil-lubricated, Two Stage Pump to increase longevity & reduce noise

## Designed with you in mind

The CE5003 is designed to tackle a wide variety of jobs, from sanding, painting a car to repairing an engine.

- **Powerful**  
230-volt, 5-Running HP, heavy-duty induction motor creates maximum pressure to operate a wider range of tools and maintain longer run times.
- **80 Gallon Tank**  
Vertical ASME tank design maximizes your floor space and provides ample compressed air storage
- **Versatility**  
This Campbell Hausfeld Air compressor is ideal for rotating tires, repairing engines, grinding, sanding, painting, nailing and more. The extra storage capacity of an 80 gallon tank for extended run times.
