

Gas Powered - NO Electricity Needed!

The Campbell Hausfeld 30-gallon, two-stage air compressor (CE7003) with a Honda GX390 engine is perfect for a work truck or worksite location without electric power. This air compressor has a high air flow of 25 CFM @ 90 PSI to power multiple, high-demand air tools. It features a long-life, cast-iron, two-stage pump that's designed to deliver more than 15,000 hours of operation.* The pump head and valve plate feature an advanced design with Viton® high-temperature O-rings

for superior high-pressure sealing when compared to paper gaskets.

For smooth, low-vibration operation, the crankshaft is fabricated of ductile iron and optimally balanced.

This compressor is designed for

Paint Spraying

Inflation

Sanding & Grinding

Stapling/Fastening

Nailing

Bolting & Tightening

*based on B-10 bearing rating

Designed with you in mind

The CE7003 is the ideal stationary compressor for a work truck or worksite location without electric power.

- **Viton® Advantage**

Viton® high temperature o-rings for leak proof sealing. Provides high pressure sealing compared to paper-type gaskets

- **Heavy Duty, Cast Iron Pump**

Oil-lubricated, Two Cylinder Two Stage Pump to increase longevity

- **Powerful Honda GX390 motor**

Provides reliable and mighty power capabilities

- **Pilot Valve Throttle Control**

Automatically regulates engine

Specifications

Model	CE7003
Tank Size	30 Gallon
MAX PSI	175 PSI
Engine	Honda GX390
Pump	Two Stage
CFM@90 PSI	25.0CFM
@175 PSI	24.5CFM
Unit Weight	476 lbs
Carton Size	25in X 50in X 54in
UPC	045564627249
