

Gas Powered - NO Electricity Required!

The Campbell Hausfeld 20-gallon, 5.5HP, gas-powered, portable air compressor (VT6171) is ideal for working where electric power is unavailable. Its Honda GX160 engine provides reliable power, driving the heavy-duty, cast-iron, oil-lubricated, two-cylinder pump. This product will provide up to 5,000* hours of life. The large semi-pneumatic wheels make this unit easy to move from one job to the next. This air compressor delivers 10.2 CFM of air at 90 PSI to power a wide variety of air tools for serious DIY user, professional or contractor.

This air compressor is designed for

Paint Spraying

Inflation

Hobby Painting

Stapling/Fastening

Nailing

Bolting & Tightening

*based on B-10 bearing rating

Designed with you in mind
