

Stationary Compressor for the Shop or Garage

The Campbell Hausfeld 60-gallon, 3.2 HP, vertical air compressor (VT6195) is ideal for a small shop, automotive enthusiast or serious DIY user. This compressor has high air flow of 10.2 CFM @ 90 PSI to power a wide variety of air tools for grinding, sanding or painting. The heavy-duty, cast-iron, two-cylinder pump is oil lubricated for a long life. This product will provide up to 5,000* hours of life. The durable, 60-gallon, ASME-certified tank is a vertical design for space saving in the shop or garage.

Designed with you in mind

The VT6195 is ideal for a small shop, automotive enthusiast or serious DIY user

- Heavy Duty, Cast Iron Pump**
 Oil-lubricated, Two Cylinder Single Stage Pump to increase longevity
- Industrial Metal Wire Belt Guard**
 Rugged material with an open design allows belts to run cooler and last longer while increasing durability.
- Commercial Width Base**
 The new handle design makes it easier to move the unit from one place to another. Improves belt contact and life of the belt. The unit stays cooler and runs longer with the pump and motor separated
- Safe Operation**
 Fully enclosed metal belt guard for protection
